

Parent Communication # 1

We have officially kicked off the 2010 SMLS 7th Annual Relay for Life Fun Run! Both the students and myself are already having a great time with the Boosterthon Fun Run .

The Boosterthon Team is super excited to be here serving our school! They will be here for the next two weeks raising funds for the American Cancer Society and for NEW technology for the school.

They will be on campus every day, visiting classrooms, and teaching your students about Fitness, Education, and Character. Their theme this year is **STAND UP!** They will be talking about how, through Christ-like character, your son or daughter can Change the World. Each letter of STAND UP stands for a great character lesson:

- S - Serve One Another**
- T - Take Time to Read**
- A - Ask Great Questions**
- N - Never Give Up**
- D - Discover Your Talents**

The students will also be learning how they can help their school by asking family and friends to sponsor them in the Boosterthon Fun Run. Most students will run between **25 and 35 laps** (35 is the cap), so their sponsors can either pledge them for every lap they run or give a flat donation. You can enter pledges at www.FunRun.com using your students access code, found on their Boosterthon Pledge Book.

The only thing we ask of you is to **have fun** and **connect your students** to sponsors.

Today we are encouraging students to ask their family members for pledges. So, if they have grandparents, aunts, uncles, or cousins that you know who would love to help them and their school, you can help them get connected.

Thanks for every thing you do!

Serving Schools,
