

## 'Pjammin' for Kids with Cancer

### St. Michael Lutheran School March 9, 2010

September is Childhood Cancer Awareness Month and our school has chosen to support **Candlelighters Childhood Cancer Foundation's fundraiser/awareness campaign: 'Pjammin' for Kids with Cancer** as part of the National Lutheran Schools Week in March.

Children with cancer spend an incredible amount of time in pajamas. To show support and raise funds for childhood cancer research, children and staff will be wearing their Pj's to school (**\$1.00 minimum donation per participant**). As a participating school, we will receive copies of Candlelighters' publications to add to our school library. Our school will also be added to the list of participating schools that are supporting this important cause at: [www.pjammin.org](http://www.pjammin.org)

Thank you for your interest in participating in this important fundraising/awareness event! We hope to see our entire school community wearing their pajamas!
